burg To-Morrow.

CHILDREN'S NARROW ESCAPE

Wagon, They Are Uninjured When
Horses Run Away—Members of
Equal Suffrage League of Virginia
Address Meeting.

[Special to The Times-Dispatch.]
PETERSBURG, VA., July 22.—The
Hustings Court was engaged to-day in
setting dates for the trial of the
accused in the case of the murder of
James Copeland, colored, under indictment for murder.
The trial of the accused was set for
Monday.

Children in Runaway.
Two horses harnessed to a heavy
wagon belonging to J. W. Black,
and driven by his son, ran away to-
day, carrying a large number of
children. The frightened animals ran fully 500
yards, colliding with and tearing away
the corner of a house, running over a
pile of wood, striking a telegraph pole
and breaking the body of the wagon.
Before they were stopped, in the
wagon were two small children of
Mr. Black's. They clung closely to the
broken wagon and escaped injury.

Suffrage Meeting Held.
The suffrage meeting held yesterday
afternoon in the parlors of the Young
Women's Christian Association was
well attended, and interest in the cause
of equal suffrage was increased. At
the conference were representatives of
the Equal Suffrage League of Virginia
—Mrs. F. L. Johnson, Miss Adele Clark
and Miss Nora Houston—who made in-
teresting talks.

Eighteen Years for Murder.
In the Circuit Court of Prince George
county, Lee Morgan, negro, pleaded
guilty to the indictment charging the
murder of Emma Loney, colored, at
Lopewell, on May 4, and his punish-
ment was fixed by the court at eighteen
years in the penitentiary. Sentence
was not passed, however, as Morgan is
under indictment for another serious
offense, for which he is to be tried, the
attempted murder of the daughter of
Emma Loney. Morgan stabbed to
death the Loney woman, and when the
body later interfered, he cut and wound-
ed her so seriously that she was kept
in the hospital for weeks. For this he
is to be tried.

No Extra Men.
Manager Allen explains that the put-
ting on of two more shifts at the 10
Point plant does not mean that more
men will be employed, but that the men
at present employed will make more
time, nor does it mean any new busi-
ness, but greater efficiency and a high-
er standard of products.

Fined and Jailed.
The Police Court room was packed
and jammed for several hours to-day,
the attraction being the trial of a
number of persons, men and women, on
charges of running disorderly houses.
This was the aftermath of the police raid
Thursday night. With one or two ex-
ceptions, convictions followed in all
the cases, with a sentence of 300 fine
and six days' imprisonment. In each
case an appeal was noted.

New Notes of Interest.
Twenty cars of leaf and manufac-
tured tobacco and other freight were
shipped from this city to New York
last night by the Old Dominion Line.
The passenger business by this line
and the James River night line is very
lively.
The new steel bridge over the Appo-
matux, built for the Virginia Railway
and Power Company, has been com-
pleted, and the contractors claim that
they lost money on the contract.

Waymack tried to catch the man by

Plague Takes Toll of 39 Children

More Deaths During Last 24
Hours Than at Any Time
Since Outbreak.

NEW YORK, July 22.—There were
more deaths in the epidemic of infantile
paralysis during the last twenty-
four hours than at any time since the
inception of the disease four weeks
ago. Since 10 A. M. yesterday the
plague killed thirty-nine children in
the five boroughs of New York City.
There were 135 new cases.

The plague took a big stride in Man-
hattan, where there were ten deaths,
the largest number yet reported. The
disease gained in the Bronx, where
there were five deaths. A marked in-
crease was shown in Brooklyn, the
seat of the disease, and cases and deaths
in the other two boroughs indicated
that the epidemic, aided by a wave of
high humidity, and was becoming more
widespread.

Cases to date total 2,662, and deaths,
558.

With the arrival in the city to-mor-
row of Dr. Simon Flexner, it is prob-
able that more stringent measures will
be announced by the health authori-
ties.

Dr. Flexner will confer with Dr.
Alvah H. Doty, custodian of the \$50,
000 Rockefeller Foundation fund. He
probably will meet Health Commis-
sioner Emerson also. Both Dr. Flex-
ner and Dr. Doty have been assured
of financial support to any amount by
the Rockefeller Foundation. John D.
Rockefeller himself is greatly inter-
ested in the campaign, and is said to
have asked Dr. Flexner to spur the
Rockefeller Institute bacteriologists on
in their efforts to solve a specific for
polio-myelitis.

Although officials here were not ready
to make an announcement, they said
privately to-day that it is exceedingly
unlikely that the public schools will
be permitted to open as scheduled on
September 11. Mayor Mitchell and mem-
bers of the board of education who
have made inquiry have been told
that, even though the epidemic is com-
pletely checked by September, it
would be dangerous to open the
schools, particularly the kindergartens
and lower grades.

who was trying to enter his home.
Mr. Baugh opened the door of his
house after having heard a noise and
caught sight of the fleeing man. One
shot was fired, but missed its mark.

POLICEMEN TO WEAR STRIPES FOR SERVICE

Uniforms Will Indicate Men Who Have
Been Five, Ten and Fifteen
Years on Force.

Agreement was reached yesterday be-
tween Mayor Ainslie and Major Wer-
ner relative to the service insignia with
which policemen's uniforms will be
decorated. The stripes and stars are to
be given according to the number of
years during which the men have been
members of the force. They have been
ordered by Purchasing Agent Pollock,
and are expected to arrive in a few
days. The order issued from Police

Headquarters yesterday was as fol-
lows:

"All members of the police force
shall wear upon the left sleeve of all
uniform coats the following emblem of
service, as per sample at Police
Headquarters, which will be furnished
by the Police Department.

"For five years' service—one bar of
cloth on the front of the sleeve one-
half inch above and parallel to the
cuff seam extending in length from
seam to seam of the sleeve.

"For ten years' service—the five-year
emblem, and in addition, there to a
bar of identical character, size, color, shape
and design, one-half inch above and
parallel to the five-year emblem.

"For fifteen years' service—one gold
star on the middle of the front of the
sleeve, with bottom line of its base
three inches above and parallel to the
cuff seam.

"The emblem for each additional five
years' service shall be determined by
adding the foregoing emblems, the
fifteen-year emblem being included—
that is to say, the twenty-year emblem
will be the fifteen-year emblem and a
five-year emblem, etc.

"The service stripe of mounted men
shall be of cavalry yellow cloth and of
all others of light blue. Where two or
more stars are worn they shall be in a
line parallel to the cuff seam.

"Where badge is worn on the sleeve,
the badge shall be considered a cuff
seam for the purposes thereof."

Every Cold Should Be Considered Serious

So say the best medical authorities.
Unless promptly checked, often they
lead to chronic bronchial and pulmo-
nary troubles which may prove fatal.

If your cough or cold has not re-
sponded to treatment—and remember,
medicine should not be solely relied on
—timely use of Eckman's Alternative
may give you relief.

For more than twenty years it has
been benefiting sufferers from these
disorders. It is especially indicated
where the system demands lime, for
it contains calcium chloride so com-
bined as to be easily assimilated by
the average person.

Safe to try—because it contains no
harmful or habit-forming drugs of any
sort whatsoever.
